Application for Membership

Thank you for expressing an interest in joining the Texas Western Model Railroad Club. We hope you will find a home at our Club and join us for many enjoyable hours of model railroading. By completing this application you are starting a process to transition you from a “probationary” member to a “Regular” member with voting status. During your probationary time we encourage you to join in our work sessions, bring your trains for inspection so you can enjoy our “Run Nights” and “Operation Nights” and get to know us better. We require you to attend a minimum of 3 business meetings (always held the first Thursday of each month) before the Board of Officers can offer your application to the general membership for vote. While this seems like a long process, you have immediate access to the club and layout for many hours of enjoyment and relaxation. Club rules prohibit alcohol, drugs or profanity while on club property or when representing the Club. We encourage family involvement in the Club, however, you will be responsible for any actions of minors and/or visitors you may bring. Please ask a Board Member about the Constitution and Bylaws concerning minors and/or visitors. **All “Probationary” members are required to submit proof of membership in the National Model Railroad Association (member number and expiration date) at the time of their vote for acceptance to “Regular” membership in the TWMRC, and to maintain their NMRA membership while a member of the Texas Western Model Railroad Club.**
