Application for Membership

Thank you for expressing interest in the Texas Western Model Railroad Club. We hope you will find a home at our Club and join us for many enjoyable hours of model railroading. By completing this application you are starting a process that makes you a probationary member. During your probation, we encourage you to join our work sessions, bring your trains to "Run Nights", "Operation Nights and get to know us better.

One of your probation requirements is to attend a minimum of three business meetings (always held the first Thursday of each month). Another requirement is to be a National Model Railroad Association (NMRA) member. You'll need to present proof of NMRA membership by the third business meeting. All members must maintain membership in the NMRA. During your attendance at the third business meeting, the Board of Directors will offer your application to the general membership for a vote. While the probation period may seem long, it passes quickly, and you'll have access to the club and layout.

Club rules prohibit alcohol, illegal drugs, and profanity while on club property or when representing the Club.

We encourage family involvement in the Club; however, you will be responsible for any actions of minors and/or visitors you may bring. Please ask a Board Member about the Constitution and Bylaws concerning minors and/or visitors.
